Dear Mr. Pfleiderer,

On behalf of the Utah State Fire Marshal's Office, we wish to thank you for the invaluable contribution you made at the Utah Valley University Winter Fire School on January 11, 2013. From the feedback we've received, the program was a great success and the information you shared on Reducing Fire in Kitchen Exhaust Systems – Hood & Duct Inspection & Cleaning was invaluable. You truly went out of your way to invite Jack Grace, CECS, CESI and President of IKECA to speak on ANSI/IKECA C10-2011 Standard for Cleaning of Commercial Kitchen Exhaust Systems. It was well planned and extremely well received.

We appreciate the time you took out of your busy schedule to travel to Las Vegas and then drive to St. George and present such a wonderful and well thought out program. Your insights and expertise was so well received by the attendees. Your willingness to volunteer your time, energy and support on behalf of IKECA to our fledgling industry training program is greatly appreciated.

Janene and I, at dinner Thursday evening so enjoyed the opportunity, of getting to know you. And for me to have the special opportunity to meet your wonderful parents on Friday at lunch was very special. Again, thank you, I feel I have met a new and valued friend.

Best Regards,

*Oliver C. Moore*
